PRICING

01

Try REACH for free. No setup fee, credit card or contracts required.

02

REACH is charged monthly to your payment card on file. Total cost is determined by your plan level, your payment gateway and the transaction fees based on the amount of your donations.

03

You can change your pricing plan and payment gateway at any time.

04

Unlimited donations, donor records, sponsorships and admins for all plans.

05

You can request that your donors add a pre-determined percentage to their donation to help cover your organization's transaction fees. We call this donation tipping.

06

Text to Give, Online Store, Event Management, Training Resources, and 24/7 Customer Support included with all plans.

MORE FAQs

DONATIONS

Does REACH offer its own payment gateway?

Yes, REACH*pay*. With REACH*pay*, there is only one transaction fee and your entire donation process - including payouts to your bank account - will be within REACH. It includes a card updater, enhanced fraud detection and accepts all major credit cards, ACH/EFT, Google Pay and Apple Pay.

Is there a limit to the number of donations we can accept?

There is no limit to your online, offline or checking/savings account donations.

What credit cards are accepted? Can we accept EFT/ACH payments?

These both depend on your payment gateway.

Can we customize our donation form?

Yes, parts of your donation form are customizable. For example, you can add header and footer text, a suggested additional donation amount, choose certain contact fields to require and customize your thank you message for your confirmation page, email receipt and text message option.

Can we embed a donation form on certain web pages?

Yes, you can. These can be created and shared in REACH.

Can we set different donation categories?

Yes, you can set any number of donation categories and include a default.

Can we split donations among purposes or categories?

Yes, an admin can do this in the Admin Console.

Are notifications sent if a credit card payment fails?

Yes, notifications are sent and can be customized to your preferences. Admins are automatically notified of past due payments and they are flagged in the system for review.

Can we enter in our check donations?

Yes, you can record any donations made via check within REACH.

Can we provide donation levels?

Yes, you can provide various benchmarks to let your supporters know what their donation amount could provide.

DONATIONS, CONTINUED.

Can we run reports on our donations?

Yes. We offer several reporting and exporting options on your donations. Reports can be scheduled or run anytime.

Can we record and track pledges?

Yes, this can be done within REACH.

Do you support other base currencies other than USD?

Can we record in-kind donations, soft credits and matching gifts?

Yes, these can be recorded and associated with a supporter within REACH.

Can we export our donations into QuickBooks?

Yes, you can run a Donation Details Report to obtain a transaction level file to be imported into QuickBooks.

DONORS

Is there a limit to the number of donors we can include within REACH?

No, there is no limit to the number of donors you can include.

Can we group and segment donors?

Yes, you can group donors (ex: donors from a certain church) and segment based on various data points (ex: how much they have donated).

Do you offer a way for donors to access their own information?

Yes, we include a Donor Portal where donors can log in to access their own information, update their contact and payment info, modify or cancel their recurring donations or sponsorships (optional), purchase gifts for their sponsorship (optional) and print their donation receipts and contribution statements at any time.

Are donors notified if any changes or updates are made?

This can all be customized based on your preferences.

FUNDRAISING CAMPAIGNS

Create unlimited fundraising campaigns within REACH. Campaigns can include a donor and donation amount list or can be set to anonymous, be associated to certain projects or places, can accept and track pledges and can include a text to give keyword. Donation data is stored and can be used for ongoing communication and updates.

ONLINE STORE

Sell unlimited one-time purchase or recurring products with unlimited variants per product with our built-in online store. Add photos and videos of your items, separate them into taxable and tax-deductible pricing, set your inventory amount, apply discount codes and include your shipping rates. Products sold, whether as physical items or as donations, will tie directly into your supporters records so you can keep track of which supporter has purchased which items.

TRIPS

REACH integrates directly with Managed Missions allowing you to seamlessly pull your donor and trip data from Managed Missions into REACH keeping your data perfectly in sync.

EVENTS

REACH includes a built-in event management system to help you plan and manage your volunteer event, formal gala, 5k race or any other event you need. Set ticket options and pricing, add custom fields, include product sales. Events also tie directly into your Supporter's records by creating a Donation listing from a ticket purchase.

TEXT TO GIVE & TEXT MESSAGING

REACH offers text to give as a fundraising option for your organization, as well as general text messaging to communicate with supporters. Once you have set up your text messaging, you can invite supporters to donate via Text to Give or send general Text Messages to your supporters.
